Introduction

- My intent in this consultation is to set this church up for success. It is to set you up for success. I will do this by asking tough questions of a lot of people that few people ask so that this church can achieve the level of effective ministry that God intends for this church.
- What are your expectations of this consultation?
- What are the things you like the most?
- What are the things you think need to change?
- What is your dream for this church in the future (5-8 years out)?
